Exotic Wood Disclaimer

Cuisines Laurier is pleased to provide you with an extensive selection of exotic wood species. As described in the price book, exotic species grain, texture and wood color may vary significantly. Please take note of the characteristics of the wood specie you have selected.

About Bird's Eye Maple

- Color may vary from white to light reddish brown
- The wood grain is straight close grained and sometimes wavy or curly
- Fine texture and can be highly figured
- The density of the bird's eye maple can vary from light, medium and heavy
- Type of cut : Rotary cut

The wood specie you selected presents important variations within a single veneer sheet. Your customer service representative will send you a digital picture of your wood lot within the next 5 workdays. You must approve your lot upon receipt of the pictures.

Pictures sent by e-mail (Mandatory)

(Up to 5 workdays)

Warranty warning

The timeless beauty of wood lies in its infinite shades and patterns. Every tree nature makes is a unique artwork and every piece of wood age its own way. Despite our strict quality control, we cannot guaranty that add-on orders and replacement parts will match exactly the grain and patterns of the original order. Therefore, our limited lifetime warranty will not cover add-ons and service parts for claims related to grain, color and pattern mismatch.

In light of this information, I have read and I accept the above conditions. As such, I agree not to hold Cuisines Laurier responsible in the event that the stated conditions arise.
